Regional Voke Vote

SPECIAL TOWN MEETING THURSDAY

Preliminary planning and selection have been completed for the Regional Vocational-Technical School. The committee for the six-town region will go to the voters tomorrow night, Thursday, for approval of the next step which, if approved, will allow them to proceed with the educational specifications and with the design of the building.

In this preliminary period since the town's approval in February, the committee has been seeking a suitable site, examining methods of construction, consulted with State school agencies and with various architects with experience in school construction. They have selected a systems type of construction which had been developed in California and which, it is felt, could effect savings in cost of construction and build in a flexibility at the same time. This construction features a grid ceiling designed to accommodate a prefabricated 5 foot component cell which carries all of the service ducts and lines. Light, heat, power, air exchange, etc. would be furnished to the rooms via this sytem, through the ceiling, connected to units stationed on the roof. The systems method allows

walls to be moved, if necessary, to accommodate the changing needs of expansion or contraction of classes. A room built to seat 30 would not have to be used to instruct 6 as in conventional fixed wall construction. The architectural firm of Campbell, Aldrich and Nulty has been selected after interviews with many firms. This company has had experience with the systems method.

Article 1 of this Special Town Meeting: the Committee will seek approval to incur debt to the amount of $494,345. This is for architect's fee, prints and specifications, land and site development, consultant, advertisement and test borings. This money would be borrowed on a short term note to be discharged when the bond issue is voted. All of these expenses are subject to reimbursement. The state authorities have guaranteed the 65% figure of reimbursement which was mentioned at the February town meeting.

**Land & Site Development - $150,000 covers cost of land purchase and preliminary site development.

Article 2 concerns operating expense for the Old Colony Regional Vocational-Technical School Committee for 1972. These expenses total $13,000.00 of which Mattapoisett's share of 18.08% is $2,319.20. Rochester's share of 7.41% will be $963.30. These expenses are subject to 50% reimbursement.

Article 3 seeks money to install 650 feet of water pipe on Parker Street. Article 4 seeks acceptance of Massachusetts General Laws Chapter 40 Section 220 which would authorize the Board of Selectmen to adopt traffic regulations providing for towing and vehicles which are illegally parked.

If the towns of Acushnet, Carver, Freetown, Lakeville, Mattapoisett and Rochester all give approval to the Old Colony Committee, the schedule will run as follows: between now and August, educational specifications will be drawn, relying on the

experience and advice of consultants from the community who are engaged in the trades and skills to be taught. These people will also have a very vital voice in the choice of equipment and the layouts to accommodate it. This and the design work will occupy the 5 months from August to January, 1973. Bids will be sought in February, 1973 on building and equipment, and these figures will be presented to the towns in town meetings in the latter part of March or the beginning of April. If approval is gained at that time, contracts will be awarded and construction will begin between April and May. Construction is estimated to require 14 months which will complete the building between June and July, 1974, leaving a 3-month contingency period to allow the school to open in September, 1974. During the later part of the construction period, the curriculum will be planned and faculty hired and trained.

Vocational Help Sought

ASSISTANCE FOR NEW VOCATIONAL SCHOOL

Assistance and help is needed by the citizens of Carver, Acushnet, Lakeville, Freetown, Mattapoisett and Rochester in developing the curriculum and determining the necessary equipment needed in the many occupations offered in the Old Colony Regional Vocational Technical High School.

The Regional District Committee feels that those directly involved in the areas mentioned further in the article or who are experienced in the various crafts or occupations, are the best qualified to help develop a training program that will insure an educational program that will meet the manpower needs of our present and future world of work according to employment trends.

Programs needing assistance in its development are as follows: auto body and refinishing, auto mechanics, marine engine mechanics, diesel mechanics, small engine mechanics, electronics, electricity, drafting, house and mill carpentry, machine shop, food trades (cooks and bakers), cosmetology, graphic arts (printing), commercial art-industrial,design, plumbing, heating, refrigeration and air conditioning, nursing (LPN and nurse's aide), metal fabrication-welding, painting and decorating, plant maintenance, business technology (business machines and data processing), distributive education

ALDEN KINNEY DIES

On April 20, 1969, a ceremonial dinner was held for Alden Kinney following his retirement after 40 years of service to the town of Mattapoisett. In that long period, Mr. Kinney had passed from one era to another with the Mattapoisett Police Department. From a one man force mounted on a bicycle, Mr. Kinney built the modern force that we know today. He did so while retaining a very personal relationship with all people in the community. He picked up a tradition started by Abraham Skidmore and made the annual Halloween parade a fun-filled evening for the children of the community to promote a rapport with the youth which is rather unique in modern communities and which is retained today.

Mr. Kinney passed away suddenly at his home at Crescent Beach on Wednesday, May 24th. He was 68. Funeral services were held on Saturday, May 27th, at the Mattapoisett Congregational Church. He was a lifelong resident of Mattapoisett and the husband of Doris L. Kinney. Mr. Kinney was a member of the Plymouth County

Police Chiefs' Association and the Massachusetts Police Chiefs' Association. He was a 50-year member of the Mattapoisett Grange and a member of the Mattapoisett Historical Society. At the time of his retirement, police chiefs from all over Southeastern Massachusetts were present to do him honor as well as a major segment of this community.

Mr. Kinney personified fairness and consideration in all of his years in law enforcement. His record in that field was excellent. He was, moreover, a very warm human being and one of the best known citizens of the town.

Besides his widow, he leaves two daughters, Mrs. Marilyn Lee of Mattapoisett; Mrs. Jocelyn Baylow of Duxbury; a sister, Mrs. Doris K. Marsh of Florida, and five grandchildren.

JUNE
WHAT A MONTH

Through the years, June has been regarded as the month of wedding bells. It is that, but much more. It has also had its share of minor and major historical moments.

All those who celebrate birthdays this month might also like to know of other noteworthy events which have taken place in past Junes throughout history. For example, on June 3, 1937, the headline news of the day was the marriage of the Duke of Windsor to Mrs. Wallis Warfield Simpson of Baltimore, the woman for whom he renounced the throne of England.

Other notations from the month's past include: D-Day, June 6, 1944, the greatest invasion the world has ever seen; June 15, 1752,

Benjamin Franklin demonstrated the relationship between electricity and lightning by flying a kite during a rain storm; June 2, 1883,

Rev. Finley offering grace before the meal. There were 68 seniors in attendance who enjoyed the meal which was prepared by FISH volunteers. After the meal, Earl Wilson entertained with a magic show.

FISH would like to thank Mrs. Florence Bennett who played the piano and Mr. Dumas from the IGA Market for donating all the rolls used at the luncheon. Also they would like to thank the Fireside Fellowship, under the direction of Mrs. Edna Dunn, for decorating and setting the tables. A special thanks to all FISH volunteers who baked or cooked for the luncheon and helped in any way.

School Committee

RECONSIDERATION URGED

A public meeting between Mattapoisett Selectmen, School Committee members and a newly formed "Watchdog Committee" was held on Tuesday evening following an organizational meeting on Monday. Chairman of the Selectmen David N. Haley moderated the meeting which was attended by Mr. Paul Alves and Mrs. Blanche Perry of the Mattapoisett School Committee and by Dr. Joseph Kunces, superintendent of schools. Mr. Haley led off with a summary of the events leading to the meeting which he said was initiated with a letter to the Board expressing concern with certain actions of the Mattapoisett School Committee. He explained that there is a general loss of contact between the School Committee and the general public, and that, due to this, a Citizens' Committee had been formed to try to return to the taxpayer a grass roots

voice. A focus of concern was the inclusion in the school budget of 2 principals where, at the present, one had been in charge of both elementary schools. Mr. Paul Alves remarked that voters had offered no direction to the committee at the time of the decision and that it was unfortunate that the concern had not been expressed at the meeting when the decision was reached some 2 months previous. He said that the school committee meetings are generally unattended by the voters. A question was asked, "Wasn't that decision reached in executive session?" Mr. Alves replied in the affirmative. He said that, even so, there was no prolonged fight on the annual town meeting floor when the question was raised so the committee concluded that everything was alright. He said that there are 3 steps where opposition can be voiced

FOR SHOWER POWER . . .
CHAMPAGNE PUNCH & SANDWICH TOWER

One great way to add power to a kitchen shower is to serve a delicious champagne punch with a delightful sandwich tower. Present the bride-to-be with the punch bowl and serving tray, too.

Here's how to make these high-spirited pleasers:

Kitchen Champagne Punch

1 can frozen lemonade concentrate
2 bottles (28 oz. each) chilled club soda
1 fifth gin
Orange twist and strawberries for garnish

Fill 2 small saucepans with water and set in freezer compartment to make ice blocks. Chill all ingredients well. At serving time, reconstitute lemonade in small pitcher as directed on can. Pour half the lemonade over a round of ice in a 2½ quart glass mixing bowl. Add half the gin and 1 bottle club soda. Garnish. Refill with remaining ingredients, as needed. Makes 16 tall drinks.

Sandwich Tower

Trim the crusts from 2 loaves (1 lb. each) unsliced white bread and 1 loaf (1 lb.) unsliced whole wheat bread. Cut each loaf into 5 lengthwise slices. Spread generously with butter filling (see below) and reassemble, with dark and light slices in each loaf. Top with plain bread. Cut one loaf in half. Place the half next to a whole loaf as the bottom tier of the tower. Use a whole loaf as the second tier, and the remaining half loaf as the top tier. Frost tower with thick swirls of Cream Cheese Frosting (below). Decorate with stuffed green olives, cucumber slices, watercress, radishes. To serve, slice each tier separately. Makes 48 thin multi-layered sandwiches.

Basic Butter Filling

1-3/4 cups butter, softened
1/2 cup brandy or bourbon
Salt to taste

Blend well, to make a smooth, light paste. Remove about 1 cup and reserve. Spread the remaining butter on six of the long bread slices. Cover three buttered slices with thinly sliced smoked salmon or ham; cover the other three with thinly sliced cucumber or water cress leaves.

Cream Cheese Frosting

2 pounds cream cheese
1/2 cup milk

Blend cream cheese and milk, frost tower thickly.

to the school committee: 1) at their meetings, 2) the Town Finance Committee can object, 3) the town meeting may delete a portion of the budget providing the School Committee will agree. It was asked, "How can anyone question salaries when all salaries are discussed in executive session?" Dr. Kunces said that this policy was used because it does affect collective bargaining. He said that copies of the school budgets are in the public library so that the public can be informed.

The question was asked, "Why do we need two principals?" Mr. Alves replied that the teachers had asked for 2 principals. He said that previous experience with a teaching-assistant principal had indicated that the job could not be properly done in that way. Dr. Kunces also stated that the teachers had requested 2 principals. He said that someone in authority is needed, at all times, in the building for a combination of discipline, policy making and counciling.

Mr. Archibald Lammey, as a taxpayer, summarized the entire events leading to the present decision. He said that the School Committee must be aware of the financial strain on the property owners and therefore should be interested in economy. He said that Mr. John R. Moynihan, principal of the elementary schools, had taken advantage of a grant to further his education. The town has paid him 1/2 of his salary during this year of study in return for an agreement to stay on for 2 years. Before he left, Mr. Lammey stated, Mr. Moynihan was able to take care of the 2 schools, connected by phone and moving back and forth to formulate policy. He suggested that the School Committee review the events leading to the 2 principal decision and to the influence that might have been brought to bear. Perhaps, he

suggested, the idea had been broached to make everyone concerned come out "smelling like a rose".

Mr. Haley then wrapped the meeting up with a statement to Mr. Alves and Mrs. Perry. He said that he was aware that they, as elected public officials, had a right to ignore the criticism and let their decision stand. However, he stated, that for every voter present, at least 15 or twenty more felt the same mounting frustration and lack of confidence in the direction of the school system. He said that the overwhelming concensus was that a single principal with an assistant could well do the job. He asked that the Elementary School Committee reexamine their decision in the light of the expressed feeling of the townspeople. Mr. Alves added that the second principal's job had been offered by the School Committee.

Mr. Donald Linhares, member of the Board of Selectmen, expressed emphatically his agreement with the will of the taxpayers that one principal and an assis-

Mrs. Perry then stated that the School Committee would certainly not ignore the feeling of the voters. She said that the committee would review the decision.

Letter to The Editor

A meeting of the thirty Republican Town Committees of the Cape-Plymouth and Islands Senatorial District was held at the Bourne Mill Restaurant in Bourne on Wednesday, May 24th.

There were nineteen Town Committees represented by their chairmen or authorized representatives at the meeting, which was presided over by Mrs. Diane Bronsden, State Committeewoman for the District.

This gathering was called for by many area Town Committee Chairmen to discuss the election of Mr. Raymond Robert to the position of State Committeeman.

It was unanimously voted that I be authorized and empowered, on behalf of the nineteen Town Committees in attendance, to send a letter to the Chairman and members of the Massachusetts Republican State Committee and to other party leaders, expressing the unanimous request, duly adopted at the meeting, calling for the immediate resignation of Mr. Robert from the office to which he was elected. It was further unanimously resolved by the nineteen Town Committees to publicly express their intent to refuse to recognize the validity of the election of Mr. Robert and to bar him from any local or area Republican proceedings.

The consensus vote was based on the fact that Mr. Robert is not qualified for the position due to his failure to register as a Republican within the time specified by the General Laws to render him eligible for the position, and for the further express reason that his current status as a probationer from the Second District Court of Barnstable County seriously impairs his ability to offer leadership to the Town Committees of the District.

HERITAGE MUSEUM

Looking for a fabulous place to visit? The Heritage Museum in Sandwich is a treasure chest for the antique car fancier. One of the finest collections in the country is housed in the round reproduction of a shaker barn. Every car is in mint condition and operating condition.

The grounds of the museum are beautifully landscaped with flowering shrubs and trees, all bearing identification tags.

The old grist mill has been brought to the museum and rebuilt with care. The colonial fort contains a fabulous collection of ancient firearms, flags and lead soldiers.

This museum is one of the most absorbing and enjoyable to be found.

PAINTINGS AT ART CENTER

June 2 through June 25 the Cecil Clark Davis Gallery of the Marion Art Center will present paintings by Tom Tavares of Fall River.

The work in this exhibit is "semi-abstract", he says, although he does not want to be aligned with any specific movement in painting. He speaks of his paintings as a "response to existence" stemming from relationships and interpretations of characters in his day to day life including friends, family and places to which he has traveled.

He is a graduate of Southeastern Massachusetts University and the Rhode Island School of Design where he received a Graduate Teaching Fellowship in 1971.

He has received prizes for both his painting and his sculpture locally and nationally, including three galleries on Cape Cod and one in New York City. Mr. Tavares has

introduction to the national pastime, and the start of many happy competitive years of participation in this sport.

Presently the committee has a minor league, Little League, Youth League and Teener's League in operation, involving 130 boys from age 9 to 19. A girls' softball program, ages 10 to 16, and a girls' tennis clinic are also in operation.

As a result, everyone involved in these various programs is extremely busy and cannot possibly take on any more of a work load.

Unless the committee receives offers of volunteer help from 5 or 6 men to help operate the Pee Wee program, there will be 40 to 50 youngsters who will be deprived of the opportunity to play baseball.

Many times we have heard the comment, "I've done my share, it's about time for someone else to do theirs", or "I'm so busy, I just haven't got the time".

It would be interesting to find out what constitutes "having done" my share means, also being "too busy".

As committee chairman I can vouch for the fact that the majority of the volunteers on this program have done more than their share, and they are all very, very busy people, but can still find time to contribute to the youngsters in our town.

Five or six volunteers and the program goes - no volunteers, no baseball for 40 to 50 boys.

Won't you please help us out. If you can, call Floyd Empey, chairman, Sports and Athletic Committee, telephone 758-2380.

Girls' Tennis Clinic

The Mattapoisett Sports and Athletic Committee announces plans for its annual tennis clinic for girls. Every Saturday morning during the month of June and commencing June 3rd, a tennis clinic for girls between the ages of 9 to 16 will be held at the Center School courts. The instructors will be Mr. Frank Fletcher of the Marion Tennis Club and his assistants.

Girls between the ages of 9 to 12 will be instructed from 9 to 10:30 A.M. and girls from 13 to 16 will be instructed from 10:30 to 12 noon. This is an opportunity for the young ladies of Mattapoisett to learn the finer points of this game from expert instructors.

Dog & Cat Dilemma

ANIMAL POPULATION EXPLOSION

Cats and dogs are born in the United States at the rate of 10,000 per hour. That's 240,000 a day...and 87,600,000 a year! Even if every man, woman and child in this country adopted an animal, millions would still be homeless. So, every year, more than 15 to 20 million kittens, cats, puppies and dogs are turned in to pounds and shelters. Cute and lovable as they may be, only 15% are placed in new homes. The rest are put to death. This is not the fault of the animals who produced this sad surplus. It is the fault of the pet owners, misguided "animal lovers", and of humane societies and pounds which allow animals out for adoption that have not been spayed or altered. An even worse fate awaits the abandoned animal. Every day, well-meaning people dump kittens and puppies along roadsides, in woods, and think somehow they will fend for themselves. In reality, they are sentencing them to slow starvation, freezing, disease or traffic accident. Abandoned dogs in some areas have formed packs in self-defense. Thus, through no fault of their own, they have become so desperate, so hunger-crazed, that they have attacked livestock, other animals and children.

What to do? 1) If you have a pet, have it spayed or neutered. Don't be responsible for birth that is bound to result in suffering or early death. Forget the theory that it is an interesting experience for your children to witness the "miracle of birth" unless you are willing to bear responsibility for the miracle of death as well. 2) Convince others to have their dogs and cats spayed or neutered. (It is a safe, simple procedure and will in fact make your pet more affectionate and less apt to wander.) 3) Acquire a pet only if you are aware of the responsibilities involved. There are many, and all should be anticipated. (For example, a leash law is not broken by the dog but by owner: if you are not willing to exercise your pet, it is unfair to the animal, to your neighbors, and to the officials responsible for the enforcement of this law.) 4) The Humane Society of the United States also suggests that every concerned individual or group make an effort to work with local humane groups to establish clinics for operations at a subsidized rate. Many veterinarians are becoming more conscious of their obligation in this area. For further information, write The Humane Society of the United States, 1604 K Street, N.W., Washington, D. C. 20006.

Miss Jean Campbell, executive director, gave her annual report. Miss Jane G. Geagan, New England assistant executive director of United Service Organization, presented to Mrs. Dixon a framed certificate of distinction in recognition of ten years distinguished service to the men and women of America's Armed Services, signed by Gerard E. Hayes, president of USO Council of New England.

Miss Geagan gave special recognition to Mrs. Grace Young, director of the USO local program at the YWCA and Mrs. Dorothy Mason, local coordinator at the YWCA. She also presented awards to USO volunteers for hours of service.

The New Bedford Bonnie Belles entertained with an original program, "The Bells are Ringing", giving an over-all insight into the busy programs and various activities going on at the YWCA.

The first outing of the Wednesday potpourri program for YWCA members is scheduled for June 7th to Heritage Plantation, Sandwich. A bus will leave the YWCA at 10:30 A.M. and return to the city at 4 P.M. Box lunches should be taken to be eaten on the grounds.

Reservations must be made by Monday, June 5th. Call for further details.

Artist exhibiting in the YWCA lobby the month of June will be David Woo, son of Mr. and Mrs. Chuck W. Woo. He is a graduate of Tabor Academy and currently studying at the Worcester Art Museum. He will show a variety of framed oils and watercolors. Also included in the exhibit will be a few wood sculptures. Last summer Mr. Woo won the first award for a black and white ink drawing shown in the exhibit of high school students at Marion Art Center.

Mrs. Frank E. Dixon, president, welcomed 100 members and friends to the 61st annual meeting of the New Bedford YWCA on Tuesday, May 16th, and chaired the business meeting which followed the catered buffet dinner.

Invocation was given by Mrs. George N. Pike, chairman of Religious Emphases, and in the absence of Mrs. Erling Moe, clerk-elect, Mrs. Pike read the minutes of the annual meeting of 1971. The treasurer's report was read by Mrs. Edward T. Sears, and Mrs. Clarence W. Whitaker, chairman of the nominating committee, presented the committee's report, a ballot of nominees to the Board of Directors, the Clerk of the Board, and members of the Nominating Committee for 1972-73. Mrs. George Grimes, chairman of the Board of Tellers, reported
